

Hack Club

Hack Club is a place to
learn to code.

- **This is for beginners.** If you're new to coding, Hack Club is for you! You don't need experience or math skills.
- **Coding is a superpower.** Come to Hack Club to make apps, websites, games, and anything you can dream up.
- We meet **every Monday** after school in 220N. Join us at our next meeting and **leave with your first website online.** Make friends, eat candy, be creative.
